There are more ways to win than just coming in first, is Ken's basic message to kids. Ken usually finishes his races dead last and has embraced the nickname, "The Baja Turtle." Additionally, he has designed and printed cartoon books on the subject for kids.

Ken, who races a motorcycle on grueling 300 miles, 500 mile and thousand mile desert races, tells kids that finding something to do in life that you really love is an important key to winning in life; and a second key he stresses that goes hand in hand with that concept, is finish what you started. Between races, Ken works full time as an Account Manager for Airgas USA, LLC.

The Boys & Girls Clubs of East County offer programs that influence the growth and welfare of members in five core areas; Character and Leadership, Education and Career, Health & Life Skills, The Arts and Sports, Fitness and Recreation. Club mission; to inspire and enable all young people, especially those from disadvantaged circumstances to realize their full potential as productive, caring and responsible citizens; is what these activities provide; positive alternatives to poor behavior choices that may influence their futures.

WHY:

The Quick Tips on Winning in Life life skills presentations are an avenue through which professional racers can give back to the communities where they live and race, by inspiring, affirming, empowering, and fueling the dreams of children and teens and encouraging them to believe in themselves.

Quick Tips presentations center on key universal truths RWC calls Quick Tips on Winning in Life, applicable to all children and teens regardless of age, cultural background, or life experience: find something to do in life that you really love, study, learn the art of teamwork, find a mentor, take the long view, be flexible with your dreams and goals, avoid the path of least resistance, and more.

Racers Who Care, Inc. is a West Hollywood, California-based 501c3 charitable corporation, founded in 1993, that works with auto, boat, motorcycle and truck racers dedicated to making a positive difference for our next generation. In Southern California, and throughout the U.S. in communities surrounding their tracks, RWC's racers have unforgettably impacted kids with exciting observations on how to succeed, presented by people who have -- very publicly, and in a field perceived as ruthless, tough and unforgiving.
