Subject: ALMS RACERS SHARE PERSONAL WINNING TIPS WITH KIDS AT LONG BEACH GRAND PRIX

CAPTION:

NHRA Pro Gas competitor and race announcer, Lucky Hudson, shared sage advice on winning in life to hundreds of kids as part of Racers Who Care's annual Quick Tips on Winning in Life life skills field trip program at the Toyota Grand Prix of Long Beach, recently. During each field trip kids are treated to presentations by racers based on their own personal experiences encountered while negotiating road blocks and potholes on their individual paths to career success, and centered on key Tips such as Learn the Art of Teamwork. Kids are then treated to racer-led paddock tours where they see real life examples of the Tips they just learned about. Lucky participated in many of the presentations and assisted with guiding the paddock tours. This was Lucky's third year volunteering his time through race weekend as part of RWC's field trip program at the Toyota Grand Prix of Long Beach. He is also host of the weekly online broadcast, SpeedScene Life, and is an active motorsports journalist, contributing to leading publications. The field trip program was supported by donations from the Grand Prix Association of Long Beach and Galpin Motors' Premier Collection. [Photos by JUDY STRAWN]
