HERE'S A MESSAGE FROM LUCKY HUDSON:

Hey, kids!

Here's a Quick Tip on Winning in Life from Racers Who Care.

I am a professional race car driver.

I also host an online racing telecast.

In racing there are not just race car drivers.

There are journalists, doctors, photographers, computer programmers, mechanics and more.

There are also lot of ways to be involved in just about anything *you* might want to do when you grow up.

So, be flexible with your dreams and goals.

If what you want to do when you grow up doesn't work out – find another way to be involved in it.

**THAT'S how you win in life!**
