

CINDI LUX

Young men at the Inuki Boys & Girls Club in the Portland area, had a chance to try on Cindi's racing gear after a Quick Tips on Winning in Life presentation.

Cindi Lux, who is from Aloha Oregon, has raced everything from NASCAR late Models, drag racing Snow Mobiles, and road raced Porsches, BMWs, Corvettes, and Vipers. She has also been a factory driver for Team Mopar's Dodge Viper Competition Coupe on the SCCA ProRacing World Challenge GT Series.

Kids and race fans have an opportunity, in simulated form, to do something only Cindi Lux has done before: drive the Lux Performance Group Dodge Viper Competition Coupe on the great race tracks of the world, and try to match her lap times and win races.

Microsoft chose to include Lux's Dodge Viper Competition Coupe in its "Forza Motorsport 3" video game, due to the race car's on-track success, aggressive design, guttural power and trademark Mopar "Liquid Metal" paint scheme. Microsoft gaming engineers toured the Lux Performance Group shop in Aloha, Oregon and closely studied every angle and graphic clue to perfectly recreate Cindi's car for the game.

She is also a Member of National Women's Car Care Council and conducts lectures to various groups on Automotive safety and vehicle maintenance. Off the track she is the owner of Lux Performance Group, LLC provides full-service race services and custom components to both club level and professional. Additionally, Lux is an accomplished driving instructor/coach to up and coming racers and celebrity drivers.

She is available for private coaching or dealer events at any race track or venue. Whether racers are looking to improve lap times, evaluate driving techniques or seek help on car setup, Cindi offers personal/private coaching services in all areas. This includes both professional and amateur drivers who want to get the most out of their driving. Cindi has been teaching for more than 15 years and has extensive experience working with most data acquisition systems (AIM, Motec). Cindi has instructed clients interested in proving their skills in a number of different manufacturers, including BMW, Corvette, Porsche, Mazda and Vipers, just to name a few.

Besides Cindi's racing accomplishments, she has the following instructor credentials:

Lead Instructor at the Miller Motorsports Park Driving School

Toyota Long Beach Pro/Celebrity Race Driving Instructor

EVOC Train the Trainer Instructor for law enforcement officers

Certified Skid Car Instructor

Cindi makes a Quick Tips on Winning in Life Presentation to teens at West Hall High School, Oakwood, Georgia.
